Only Chinese is allowed in the class. Students will mainly focus on improving their Chinese pronunciation and tones, learning new grammar patterns and practicing the newly learned grammar and vocabulary. Organized in-class activities include daily dictation, bi-weekly tests, memorizing dialogues, and completing oral exercises such as retelling stories, making up dialogues, giving presentations, and performing skits.

Objectives

This class helps students strengthen their skills in listening, speaking, reading, and writing. The topics in the textbook cover the most commonly used conversations. The class is designed for 8 weeks and mainly focuses on improving students' listening and speaking abilities. Students are expected to learn at least 37 new Chinese words every class day. By the end of the semester, students will be able to learn 450 new characters, to recognize and write 818 new words, as well as 150 new grammar patterns. Students should be able to function in Chinese in their daily life with good confidence and to hold conversations with local Chinese people on most common topics, such as talking about Chinese culture, food, customs and local arts. In addition, with using some high level vocabulary, students can also talk about some social issues, such as birth control in China and women's social status in Chinese society, etc.

Students are required to take three Chinese courses; these courses are the Grammar class, Drill 1 & 2. Before class, you should prepare the new words for every lesson. During class, your teacher
