

## **FUDL CHIN 301 Intensive Advanced Chinese II**

### **The Alliance for Global Education Intensive Language Program**

#### **General Information**

On average, students have previously studied Chinese for 5 semesters before taking this course and have already learned some intermediate Chinese grammar patterns. This class is intensive and meets 5 times a week for a total of 20.5 hours per week. Students are expected to spend 2-3 hours a day preparing for class, previewing for daily dictation, and doing homework. Only Chinese is allowed in the class. Students will mainly focus on improving their Chinese pronunciation and tones, learning new grammar patterns and practicing the newly learned grammar and vocabulary. Organized in-class activities include daily dictation, bi-weekly tests, memorizing dialogues, and completing oral exercises such as retelling stories, making up dialogues, giving presentations, and performing skits.

#### **Objectives**

This class helps students strengthen their skills in listening, speaking, reading, and writing. The topics in the textbook cover the most commonly used conversations. The class is designed for 14 weeks and mainly focuses on improving students' listening and speaking abilities. Students are expected to learn at least 30 new Chinese words every class day. By the end of the semester, students will be able to learn 1280 new characters, to recognize and write 2240 new words, as well as 290 new grammar patterns. Students should be able to function in Chinese in their daily life with good confidence and to hold conversations with local Chinese people on most common topics, such as talking about Chinese culture, food, customs and local arts. In addition, with using some high level vocabulary, students can also talk about some social issues, such as birth control in China and women's social status in Chinese society, etc.

Students are required to take five Chinese courses; Grammar class, Drill 1 & 2, One-on-one and an intensive course. Before each class, students should prepare by reviewing the new words for that lesson. During class, the teacher will introduce students to the new grammar patterns and vocabulary. After the grammar class, students will practice the grammar learned in the Drill 1& 2 classes. The once a week One-On-One class gives students the opportunity to chat with their teacher and focus on a specific aspect of the language. The intensive course includes the Short-term Spoken Chinese textbook, listening and speaking activities, reading Idiom stories, presenting oral descriptions, watching Chinese films, reading a Chinese newspaper and participating in a language practicum. The Short-term Spoken Chinese textbook allows students to understand how to use spoken Chinese. The listening and speaking lessons enhance students' listening and speaking capabilities of communication in Chinese. The idiom story and film lessons will help students to learn more Chinese culture and history. The oral description and newspaper lessons will teach students new words and sentence patterns, so that they may express their opinion or describe something more fluently. And finally, during language practicum, the whole class will interact with the Shanghai community. This is an excellent opportunity to practice Chinese while learning about the everyday life of Chinese people.
